HEAR FROM A MEMBER

“NCRMA and their motivated and driven staff have been invaluable to us in the five years we have been in business. They helped us with landlord issues, two moves, a flood, hurricane preparedness, and labor laws. They are the go-to people for understanding the legal do’s and don’ts and have enabled us in staying open and being able to go forward knowing what steps to take.”

—Suzanne Lucey, **Page 158 Books**
